

Minimize Costs. Maximize Uptime.

- For Schools

*"It's hard to know where energy is being wasted until it's too late. **We need a way to see what's happening in real time, not just react after the damage is done**"*

Facilities Supervisor, Private School

Schools face unique and pressing energy challenges.

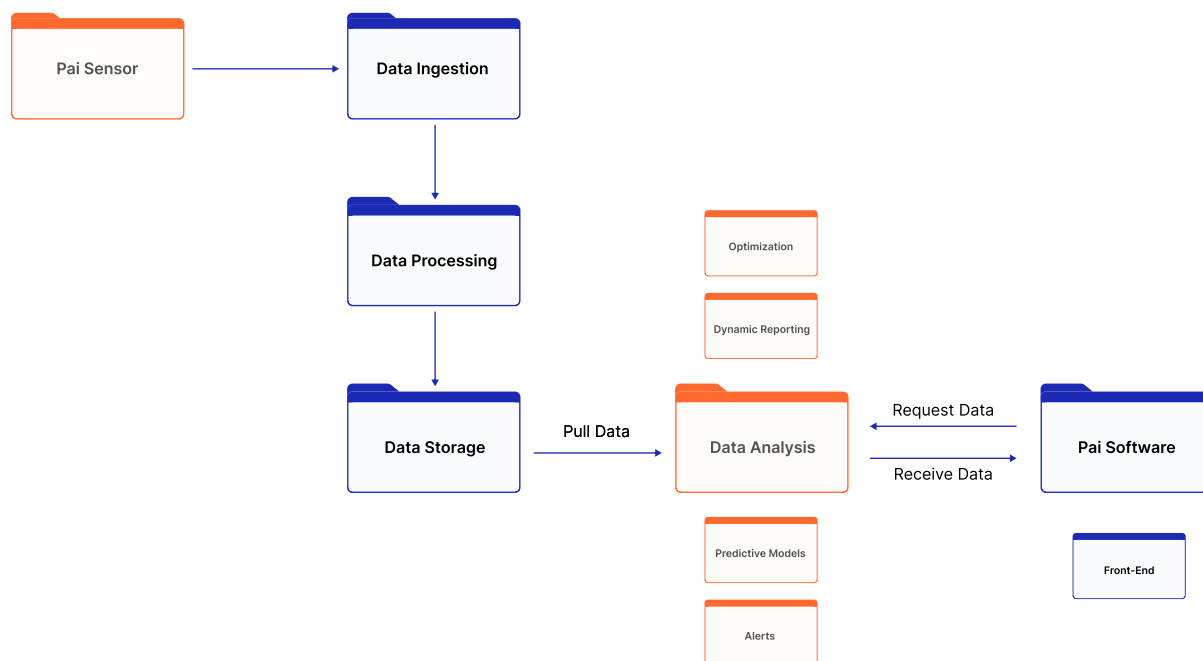

Managing power across multiple buildings or campuses adds a level of complexity that single-site institutions don't experience. Inconsistent electricity, unreliable backup systems, and the rising costs of fuel and utility tariffs are magnified when repeated across classrooms, labs, dorms and administrative blocks. This ongoing struggle with energy not only strains already tight school budgets but also pulls attention and resources away from what truly matters.

How can Pai Help?

- ✓ Catch and prevent fuel (diesel, petrol, etc..) fraud before it impacts your bottom line.
- ✓ Spot energy issues before they cause losses.
- ✓ Easily see and manage all your power sources in one simple dashboard.
- ✓ Size your power systems just right to avoid waste and prevent outages.
- ✓ Get real-time, accurate energy data to manage power smarter.
- ✓ Automatically switch between different energy sources in real time to keep operations running smoothly and efficiently.

How it works

Pai is an **AI-powered energy management and control platform** that helps you spend less on operating your power supply sources while maintaining the maximum uptime needed to sustain and grow your operations. Using real-time and historical data, **Pai predicts power events to reduce costs (e.g outages, surges, anomalies), optimizes your power supply mix, and automatically switches between different power sources for uninterrupted operations**

Keep Classrooms Bright and Steady

From the main grid to renewables and backups, Pai shows which source is powering your school in real time, keeping learning uninterrupted.

Stop Paying for Empty Rooms

ACs left on, labs humming overnight? Pai points out exactly where energy is wasted so funds go back to education.

Balanced Power for Growing Minds

Oversized setups drain budgets, undersized ones cause interruptions. Pai makes sure power fits your school's actual needs.

Zero Disruptions, Maximum Learning

Get alerts the moment an outage or shift occurs, so that assemblies, lessons, and exams continue without pause.
